UNITED NATIONS

Welcome to Servas Canada

Servas Canada is a member country of Servas International, a global organization that promotes peace and cultural understanding through hosting and travel. It's a great way to see the world and meet new friends.

We are Canadians...

...who love to travel and
meet people around the
world

...who love to host travellers from
around the world

The Servas Difference

When you open your door to a Servas traveller or you are welcomed by a Servas host, you are each showing willingness to share and listen to stories. As members of the Servas community, we recognize that -- wherever we are from -- we all wish for the same: love of family and friends, peaceful relations, good health, and the opportunity to enjoy these gifts.

Our Vision

Servas Canada envisions a world of peaceful interconnection among individuals, nations, and the environment.

Our Mission

Servas Canada promotes peace and mutual understanding among peoples, cultures, and nations. We travel the road to peace by facilitating meaningful connections and dialogue. We welcome people who are eager to connect and participate in building a more peaceful, sustainable world.
